Best of ESMO is an officially licensed program of the European Society for Medical Oncology © Copyright 2024 European Society for Medical Oncology. All rights reserved. This programme is made available in Japan solely for educational and informational purposes and personal use only under collaboration with The Japanese Society of Medical Oncology (JSMO). Unauthorized reproduction is prohibited. This selection of content does not necessarily represent a balanced view or full discussion of any given subject. The ideas and opinions expressed herein do not necessarily reflect those of ESMO or JSMO. The authors, editors, and ESMO or JSMO are not responsible for errors or omissions in translations. The mention of any company, product, service, or therapy in this collection of materials does not constitute an endorsement of any kind by ESMO or JSMO. It is the responsibility of the treating physician or other health care provider, relying on independent experience and knowledge of the patient, to determine drug dosages and the best treatment for the patient. Viewers are advised to check the appropriate medical literature and the product information currently provided by the manufacturer of each drug to be administered to verify, among other matters, the dosage, method, and duration of administration, or contraindications. Viewers are also encouraged to contact the manufacturer with questions about the features or limitations of any products. ESMO or JSMO assumes no responsibility for any injury or damage to persons or property arising out of or related to any use of the material contained in this publication or to any errors or omissions. * The companies that support this program are not involved in the selection and production of content.

Please refer to the package insert of each drug when using the listed drugs.
